

Bell, Kevin & Beth

**Kevin & Beth Bell****Hope Mills, North Carolina**

Kevin graduated from West Point in 1987 with a degree in aeronautical engineering. Beth's undergraduate degree was in medical technology from the University of Massachusetts at Dartmouth; then she graduated from Duke in 1990 as a Physicians Assistant. We saw the business plan in October 1991, about six months after Kevin got back from serving as a scout platoon leader with the 82nd Airborne Division during the Gulf War. Kevin got excited about owning his own business and making \$400 per month to pay off student loans and get out of debt. Beth saw the potential to contribute professionally, yet still be a stay-at-home mom. The best of both worlds.

We went Platinum the first year, Ruby the second, Sapphire the third, and Emerald the fourth year of building our business. By the end of the third year, we had paid off \$57,000 in debt; in the fourth year, we banked over \$100,000. Beth retired from medicine on December 6, 1995, and Kevin, who had gone into real estate upon leaving the military, retired in early 1996. A major THANK YOU!!! to all the Diamonds, especially our "Rich Dads" – Rocky Covington and Paul Miller. Thank you Britt team. Thank you Bill and Peggy Britt for providing a system that has afforded us years of freedom – so far – and has allowed us to give our children, Samuel David and Rebekah Juline, a family life we could only have dreamed of. And... THE BEST IS YET TO COME!!

Rocky Covington, Executive Diamond Council

Kevin and Beth Bell have their priorities straight—God, family, business. Because of this, they have accomplished many of their goals... one being a Britt Diamond. As Diamonds, Kevin and Beth are the epitome of what this business is all about—helping others achieve their dreams. They have the ability to reach out to others and make people feel that they can accomplish anything. I am proud to be in business with Kevin and Beth, and even prouder to have them as friends.
